

Committed to Your Oral Health

Oral health is an essential component of overall health throughout life. Recent research has shown that more than 90% of all systemic diseases (including cancer, heart disease and diabetes) display oral symptoms such as dry mouth or gum problems.

The Community Dental Clinic is committed to providing superior dental care for all of our patients in the Lamoille Valley region. We perform general pediatric, adolescent and adult dentistry services at a price everyone can afford. It is our goal to provide these services in an efficient and stress free environment.

For your convenience, we provide a variety of services, which include:

- Complete exams, x-rays and hygiene services
- Routine dental care including fillings, root canals and extractions
- Crowns, bridges and complete and partial dentures
- Cosmetic dentistry including whitening and veneers

We utilize state of the art equipment such as digital and laser technology, and we are committed to using environmentally friendly and energy efficient products.

As a member of the Community Health Services of Lamoille Valley, a Federally Qualified Health Center (FQHC), we offer a Sliding Fee Discount Program for our eligible patients, helping to make oral health care affordable for everyone.

You could
save up to
90%
on your
Dental bills

We are willing and eager to work with our patients to make sure dental bills don't lead to financial hardship. But, before we can help, you have to take the first step by filling out our confidential financial disclosure form. Ask for details.
